Dominican Hospital debuts wireless Internet, valet parking

Patient, guest requests go into effect

SANTA CRUZ – Responding to requests from patients and guests, Dominican Hospital now offers wireless Internet and valet parking services.

Patients and their guests can leave their cars with a valet in front of Dominican Hospital from 8 a.m. to 5 p.m. Monday through Friday at no charge. Funded by the Dominican Hospital Foundation, this valet parking service will compliment the currently available tram, which transports patients and visitors throughout the Dominican Hospital campus.

Once inside, patients and guests can take advantage of complimentary wireless Internet service, also funded by the Dominican Hospital Foundation. Those with laptop computers can obtain Internet vouchers with instructions on how to access Dominican's wireless from any staff member or volunteer in waiting areas and on nursing units.
